

PARENTS ORIENTATION FOR CLASS VIII

Parents Orientation program is a fantastic opportunity for the parents to get connected with the school knowing what to be expected in the current year and also get to know the teachers in different sections. It is a formal meeting of parents, teachers, students and the CEO that is intended to facilitate parental participation in a school. Averroes International School, Class VIII for the first time initiated a wonderful orientation day 5th August 2017 at AIS Auditorium.

Honorable Principal addressed the program, by her welcome speech towards parents. The whole program was projected with every sort of information through the outstanding presentation of our honorable Principal. The program started by the introduction of teachers with parents regarding their respective subject areas.

The Managing Director & CEO of the Institute announced that the student who gets A + in all the subjects of the O' Level will get full Scholarship in studying A' Level

in Averroes International School. This brought out a competitive spirit among the students. The entire orientation program reflected the triangular bonding of students, teachers and parents in a nice environment that put an impact upon the parents who remain valuable and always become a part of Averroes International School's family.
