

About Residential Facilities

Admission Open! Session: 2019-2020

Get prepared for Residential School Years at AVERROES.

Alhamdulillah! Registration form for Residential Facilities is now available at the Admission Department.

Averroes International School Residential Years at Lalmatia (Main campus) is unique amongst quality education experiences in Bangladesh. The Averroes offers a holistic curriculum based on the principles of 'experiential learning', which cultivates a broad range of soft skills and qualities, to compliment the theoretical development that students undergo.

Academic Building, the curriculums' intensive programs (delivered mainly in English, Arabic & Bangla) help to develop rounded individuals, whose improved leadership skills, ability to independently face challenges and proficiency in three different languages will prepare them to face the challenges of higher education (and eventually give them a competitive edge in the Higher Study market). Boarding at Averroes will foster a spirit of islami etiquettes and a lifelong adoration of learning. It will ensure an eminent learning experience where students would develop skills they would not typically be able to in a conventional day school. Our dormitories will be remarkably comfortable. Living in the secure and cozy community, students are exposed to intellectual, physical and emotional challenges, which ensure that they discover personal strengths, cultivate self-confidence and comprehend the significance of progressive mutual endeavor.

Student safety, security and well-being will be our top priority. Both the boarding houses incorporate dining facilities, medical care, gaming rooms, communal areas and prayer rooms. Experienced housemasters live in each section and support the boys, organization and overall welfare. Our experienced housemasters will maintain dormitories and halls of residence.

MEALS

Our students will be provided with a nutritionist recommended, well balanced, professionally prepared, and routinely observed meal schedule. Students enjoy three square meals as well as three snacks (Tiffin) breaks. The schedule is:

Security & Safety

At Averroes International School we have a three-tiered security system of:

1. Civil guards
2. AISD's private security force
3. Security officers work 24/7.

The security forces are overseen and advised by a private security service. AISD security forces supervise the campus entrance and premises to ensure optimum security and safety for the students, teachers and the staff.

Surveillance cameras (CCTV & IP Cameras) are situated in all areas to monitor the safety, supervision, and operation of campus. Each dormitory has security posted at the entrance and patrolling security personnel in the residence halls. Evaluation drills are performed regularly to keep them prepared for any unforeseen circumstances.

In addition to the on-campus security force, local police surveillance is supervised and maintained by the Bangladeshi Government

Medical

Our onsite medical support is administered by our highly experienced and qualified campus doctor, who is available on call 24/7 for any sort of medical emergency. Our medical team also consists of both male and female nurses.

Students are obligated to obtain frequent health check-ups from our doctor in order to ensure good health and overall well-being.
