Class: KG

Day: 2

Class Teacher: Khadiza Alam

Assalamu alaikum. How are you today? How do you want to pass the day today? Do you have any plan for that? Here are some ideas that you can do at home during this vacation. Remember as we are in an alarming situation, we need to follow some safety steps as precautions. Wash your hands a lot and drink plenty of water. Not to be worried, you are a star.

## Eng Lang

Have you finished reading the story “Ned Falls into the chest”. Okay, let’s start another one today.

So take Radiant Way Book and learn the rhyme “Wee Willie Winkie” Pg24. Next practice the words with –rn, rm, rl. Memorize the spelling. Write the rhyme in your copy. Now take your Cambridge Activity Book, Page-88, can you please write the name of birds given in this page?

## Play

My little kids are you bored at home? Let’s grab a pencil and paper to play a game, it’s very easy. Tic-Tac-Toe is one of the first pencil and paper games a child learns. To begin playing, draw a grid of two horizontal lines dissecting two vertical lines. Players take turns choosing a box and placing either the letter O or the letter X to mark their box. The goal of the game is to fill in three marks in a row or block your opponent from doing so.....

Isn’t it fun?

## Mathematics

Are you done with your previous activity? Let’s make mathematics more enjoyable today. Take your Math Mileage Book and open chapter-7, Numbers up to 100. So today you are going to solve these pages: 113-115.

Isn’t it fun to find the missing numbers?

## বাংলা

আমরা সবাই (ক-ন) পর্যন্ত ২ টি করে শব্দ গঠন শিখোঁছ ও এবার আমরা (প-ম) এগুলো দিয়ে দুইটি করে শব্দ গঠন শিখব ও লিখব।

দেখি তো সবাই প্রভাতী ছড়াটি বলতে পারি কিনা? আমাদেরকে হাতের লেখাটা সুন্দর রাখতে হবে। তাই হাতের লেখা বইয়ে পৃষ্ঠা ১৪ ও ১৫ অনুশীলন করবে।

## Science

Science is something the more you will dig, the more you will learn. So my little stars I just want to give you a very easy but interesting task to do. All you need to do is open your Science Voyage Book, Chapter-32, Movement-1. Learn the name of the things that are moving and understand the importance of energy needed in the movement.

## Help

My dear young stars are you reminding your friends and family to drink water in every 15 minutes?

Oh! And don’t forget to help your mom to keep the house clean...

## Al-Quran

My dear young stars I know you are missing your Al-Quran Book. Because this book is full of treasures....So let’s give a hug to this book.

You just open your Al-Quran book and read the words with fatah, kasra, dammah and haraka, and revise surah Nas and Falak.

## Arabic

My little champs start writing from where you have ended yesterday.

That’s all for today...bye!
